

CODE EXERCISE

HTML HYPERLINKS

You have been tasked to create a page of HTML resources. Using Google Search, locate 10–15 HTML resources that would be helpful to people learning HTML markup. Using those resources create a page of links (aka a linktree) to these resources. Create a short description of each page and ensure only the relevant text is used for the active link, similar to the examples below:

[MDN Web Docs HTML Documentation](#): This is the primary documentation used by developers for HTML5.

[HTML5 Full Course on YouTube](#): Dollar Design School's Mark Lassooff created this full course on HTML5 on YouTube.

SUBMITTING EXERCISES

To earn certification all exercises must be submitted and accepted.

1) When you've completed all of the HTML exercises, please zip them into a single file and submit to our Dropbox at <http://bit.ly/CWDP2324>.

2) Next, fill out the certification completion form at <https://forms.gle/5EiUGCM6dGdIF2Py6>.

Remember, that all of your exercises for each module should be included in a separate zip file.

GETTING HELP

We always want to ensure that your questions are answered. There are a number of ways to get in touch.

1) We operate a lively Discord server. Join us at <https://discord.gg/tgxX2fCrv5> and you can ask your question on Discord. Mark and our team of instructional assistants monitor this Discord and answer questions ASAP.

2) This certification program is offered on several platforms. Most platforms have a Q & A section where you can post questions. We monitor these and respond as quickly as we can.

3) You may use our question hotline email at questions@dollar.designschool.com.

Remember to always to include which section your question is from and send any code you're working on!
